BOARD OF SELECTMEN — TOWN ADMINISTRATOR

ANNUAL REPORT

We are as concerned as every town property owner regarding the increase of real estate property taxes. It has seemed to hit us even harder these last couple of years, when the economy has faltered. Our “pockets” are affected as prices continue to climb in all consumer categories, and unemployment seems almost rampant. One only has to look at the alarming increase in our town welfare costs to see the evidence, and we’re not alone, most other towns are experiencing the same. These dire tidings touch us all both personally and as a town, as a community.

With this in mind, we have worked hard during this year’s budget deliberations to examine our figures closely and in a different light, and we’ve encouraged each department to do so. However, when energy (fuel) costs soar at an inflationary rate of around 26% during the last consumer year, we’re faced with no alternative but to increase our budgeted costs accordingly. Notwithstanding these and other uncontrollable cost increases, we feel very strongly that the 1991 Fiscal Year Budget represents an earnest effort to keep the line as close as possible yet continue to provide the same excellent level of town services.

We’ve tried to absorb the majority of these inflationary impacts by taking several measures including a substantial reduction in funding in the area of our capital improvements plans. This accomplishment was also a result of many long and exacting budget meetings conducted by the town budget committee. Their review of initial budget proposals and their subsequent actions and recommendations to each department was challenging. The process proved to be an example of town spirited cooperation on the part of all involved - all departments, boards, and town employees. We extend our gratitude to each, for your understanding and efforts in this most difficult process.

Although today much attention and focus is drawn to escalating tax rates & keeping them in check, there is also a continued need to address town services & to improve on them. We feel that we’ve hit the mark on both these areas of concern with our proposal for a part-time town assessor. In addition, we have been examining all other service areas for improved efficiency and effectiveness, and we will be working towards some identified changes during the next year.

The warrant article appropriation to hire an assessor & to purchase necessary equipment such as computer software would allow us to conduct our own in-house property value assessments & town revaluations. This town assessor would be available on a part-time basis for consultations during the year and in particularly during the property abatement appeal period. We think that this will result in better service delivery to you, while at the same time reduce our overall appraised costs. We would also point out that the Budget Committee has examined this proposal, giving it their full endorsement.

In other news, we have been in contact with Community TV Corporation, our cable TV franchise company, and we have arranged for some changes in their plans and policy as follows. They have agreed to start to immediately access homes where "cable make ready work" has been completed, instead of waiting for the entire town identified expansion areas to be completed and services then being connected all at once. This piece-meal approach is intended to get people, who want cable service, on line as soon as possible. The company has also agreed to include a cross over of Route 11 in their expansion plans this year-onto the Ridge Road, Ridge-Top Road, and Valley Road areas. For those still waiting, we appreciate your patience. We assure you that we will continue to press the company for quicker and more complete expansion.

We're pleased to report that the NH Department of Environmental Services, Waster Management Division has approved the Strafford Solid Waste District Management Plan. Our Town Administrator has been meeting regularly with representatives from the District's other four towns of Farmington, Middleton, Milton, & Strafford, as well as with state officials & with SRPC representatives, to complete this plan. The District Plan not only addresses regional approaches, but also incorporates each town's direct strategies for solid waste disposal over the next 15 years. The District's Plan was the 1st multi-town district plan approved by the state under the most recent legislative guidelines in NH RSA 149-M. We also want to mention, that in 1990 the District jointly sponsored & funded with the City of Rochester a Household Hazardous Waste Collection Day & will be doing so again in 1991. We encourage each resident to participate.

This past year the town's first recycling committee was established, appointed by the Selectmen. They have been hard at work exploring what avenue the town should take in our endeavor to minimize service costs-for disposal of solid waste, and maximize revenue returns-material recycled is money saved & earned. Please examine their proposal carefully, intelligently, and in light of what's best for our community, they'll be delivering an important message worth considering.

Our thanks to this volunteer committee as well as to all our town volunteers, their work is invaluable in so many ways.

Volunteers are an important link in making town government a part of and responsive to community needs and values. Please become involved & serve your community, consider filling out the Town Government Talent Bank form (found in this town report.)

Sincerely,

Dean Stimpson, Chairman
Joan Bittrolff, Selectman
Carleton Woods, Selectman

Robert M. Belmore
Town Administrator

REPORT OF THE NEW DURHAM POLICE DEPARTMENT

Over the past year, the New Durham Police Department has striven to meet the growing needs and concerns of the people during economic uncertainty. It is during these very times that a police department's activities increase in crimes against both property and people. Our efforts to effectively meet these needs and concerns necessitates an increase in training. In 1990, we dedicated a total of 419 hours for training, an increase of 41% over the previous year, to educate our officers in the area of new, as well as amended laws and procedures that are enforced daily. In addition to training we are utilizing a greater level of cruiser visibility as a deterrent. To accomplish this, it was necessary to increase patrol time, while reducing any unnecessary mileage, due to the soaring price of fuel.

During patrol our officers detained approximately 900 vehicles for motor vehicle violations. Of those stopped, 344 summonses were issued. Also, through motor vehicle stops and criminal investigations, 69 arrests were made. This brought a total of 413 cases to court, an 11% increase over 1989. Ultimately, court preparation and appearance time increased to accommodate the case load. Our statistics indicate a 65% overall increase in hours dedicated to court related matters. This figure does not include the time spent in the courtroom or travel time. Fines paid to the court go to the State's General Fund, and not to the court or the Town of New Durham.

In retrospect, the increased amount of activity over the past several years has placed a greater demand on the internal operations of the department, thus creating additional clerical and secretarial duties and responsibilities.

In September, a fourth officer was added to the force, which enabled the department to eliminate many of its part-time officers. These positions were becoming more and more difficult to fill as well as costly to maintain the proper ongoing mandated training.

Through the assistance of concerned citizens, the New Hampshire State Police surrounding police departments, and the continued co-operation of the Strafford County Dispatch Center, the New Durham Police Department shall continue to serve the people of New Durham with the utmost efficiency and the highest standard of professionalism.

Respectfully submitted,
Sergeant David M. Perkins, II

REPORT OF HEALTH DEPARTMENT 1990

I have inspected all new septic systems, 6 failed systems, prepared over 40 water samples at Merrymeeting Lake, tested the spring on South Shore

and have made health inspections with Chief Nelson of the Fire Department in regards to day care and foster home facilities. Another department yearly objective is to perform the task of preventing any health hazards within the town.

This year we are assisting the Merrymeeting Lake Association financially with a water quality test of the lake.

At the present time Animal Control & Visiting Nurse are included in the Health Department Budget. Next year we will be moving Animal Control expenses to the Police Department Budget.

Respectfully submitted,

George A. Smith
Health Officer

REPORT OF THE WELFARE DEPARTMENT

Over the past twelve months, many of New Durham's residents have been devastated by the failing economy. The effects of unemployment in the area have been compounded by increased fuel, shelter and food costs. In compliance with N.H. State Law, the New Durham Welfare Department has assisted a considerable number of residents through this difficult period in meeting lifes' basic needs. We have been inundated with inquires regarding both State and Local Aid, made numerous referrals to other agencies and have denied applications of those who could not meet the strict qualifying criteria. Increases in the duration of assistance, applications and inquiries, combined with the higher cost of providing those essential needs has resulted in a tremendous dollar increase to the Town of New Durham. Official reports indicate neighboring cities and towns are experiencing increases which are similar and often greater than ours.

It is the Towns' mandated responsibility to provide such assistance uniformly and expeditiously to each qualifying applicant. To keep abreast of the new and changing laws which affect the application of this process, training has also been increased. This has proven to be very cost-effective over the past several months. The eligibility determination process has been critiqued while on-going cases received greater scrutiny and follow-up. This was achieved while keeping the overall cost at a bare minimum and maintaining full compliance with State Law. This is often a difficult and time-consuming task for Welfare employees. It is a dual task in which we are obliged to provide for the needy while incurring no unnecessary expenses to the taxpayers. Training sessions, consultations, research and constant review of applications had provided the necessary tools to implement the assistance program efficiently. In addition, due to the complexity of the laws governing the operation of the Welfare Department, we have often sought the assistance of the New Hampshire Municipal Association, of which New Durham is a member,

for legal advice and interpretations. This service is available to all members at no additional cost, Municipal Association Attorney, Tim Bates, who is also a resident of New Durham, has provided us with invaluable guidance and support in several areas of complex circumstances.

In an attempt to recover some of the cost incurred to the Town, when applicable, Liens have been attached to clients' property. A Work-fare Program has also been implemented. This enables a recipient to provide specific work services to the Town, while the Town deducts the cost of these services from the clients accumulated assistance, thus reducing their overall debt to the Town.

As Welfare Director, I cannot over-emphasize the role of Mel Beaulieu. Her performance as intake/on-going Caseworker has been outstanding. She has performed her duties not only as required by Law, but has also provided each client with a very necessary level of compassion and moral support during their struggle. In addition, she has assisted clients in preparing a workable budget program leading to financial self-sufficiency. This procedure eventually eliminates their need for further town assistance, thus minimizing the overall cost to the town. As a team, we shall continue in our efforts to provide the utmost level of service both to the client as well as the taxpayer.

Respectfully submitted,

Paul R. Gelinis
Overseer of Public Welfare

REPORT OF THE FIRE CHIEF

As Nineteen Ninety-One begins and I reflect upon the past year as your new Fire Chief, I think of the hours freely given by the firefighters, their families and the fantastic support groups, who help make the New Durham Fire Department one of which you can be proud.

My first year was a busy one with the reorganization of the department, busy training schedules for both medical and fire services, upgrading and replacement of equipment, building repairs, life safety inspections, forestry permits, numerous meetings with town, school, and fire officials, and the hundreds of day-to-day decisions that go along with this office.

Your fire department currently consists of 29 members of which 17 are New Hampshire Certified Fire Fighters, 18 are New Hampshire licensed ambulance attendants and 23 are currently CPR certified. Members drove over 3406 miles in response to fire calls and over 690 miles for fire company meetings. A total of 2283 hours was spent on training during 1990.

As mentioned above, support groups are very much a part of the New Durham Fire Department with the Fire Belles and the New Durham Fire Company work-

ing to the benefit of the Fire Department. Thousands of dollars have been raised over the years to supplement the Fire Department budget and to obtain equipment and training that otherwise would not be available.

Bean Suppers and the 300 Club are both productive activities for the Fire Company. Your support is greatly appreciated. 300 Club tickets are available from any New Durham fire fighter.

In excess of one hundred seventeen hours was spent performing life safety inspections during the past year. A great deal of research is required by fire personnel, and constant training and updating of material continues.

The following is a break-down of our runs for 1990:

Alarm Activations	03	Brush Fires	08
Auto Accidents	09	Car Fires	01
Chimney Fires.....	05	Cover Truck	03
Electrical Fires	01	Haz-Mat Fuel Spill	01
Fire Investigations.....	03	Rescue-Jaws	01
Medical Aid	64	Stove Fires.....	01
Structure Fires	03	Transformer/Wire Fires	06
Total Responses 109			

It is with regret that I annouce the retirement of three members of the New Durham Fire Department: Former Chief Robert Bickford retires with 47 years of service, Former Chief George Bickford retires with 45 years, and Former Secretary Richard LaPointe retires after 25 years. We appreciate their selfless dedication.

Respectfully submitted,
Brinley R. Nelson
Chief

REPORT OF THE FOREST FIRE WARDEN

Careful land owners, along with public education and lots of luck were responsible for New Durham experiencing only seven brush fires during the 1990 season.

Statewide, 489 fires were recorded in 1990 with 473 acres burned, including a 262 acre fire in Moultonboro. New Durham recorded seven brush fires with 1½ acres burned.

A record was set, however, in fire permits issued in our Town with over 485 written permits being issued. A policy of checking fire sites before, after, and during permit fires resulted in more control and eliminated time consuming false alarms.

Smokey the Bear visited the New Durham School during October, thanks to Lee Gardner, our State Forest Fire Ranger, who brought his safety and awareness

message to our youngsters. Lee also conducted classes for your firefighters covering subjects which included fire suppression, equipment use, and compass and map reading. Plans for 1991 include wardens being trained in the use of Class A foam in wildfire suppression.

New Hampshire State Law (RSA 224:27II) requires permits for all outside fires and they are issued by Forest Fire Wardens and Deputy Wardens for the State of New Hampshire. Fires, while the ground is covered with adequate snow cover, do not require a permit; however, it is appreciated that you notify the Fire Department of any fires. This courtesy helps prevent false alarms and unnecessary responses by the Fire Department.

Serious budget cuts by the State of New Hampshire may leave the State fire towers unmanned during the first part of 1991 creating the possible danger of unreported brush and wild fires. Extra careful fire awareness and practices are encouraged by all.

Violations of RSA 224:27II and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines of up to \$1,000.00 and/or a year in jail, and you are also liable for all fire suppression costs.

Three leading causes of wildfires are: fires kindled without a fire permit, permit fires that escape control, and rekindled fires. All of these fires are preventable, but ONLY with your help.

If you have questions regarding New Hampshire forest fire laws or require a permit, please contact me or a deputy warden listed below.

Respectfully submitted,
Brinley R. Nelson*
Forest Fire Warden

DEPUTY FOREST FIRE WARDENS

Peter Varney	Paul Gelinas	Robert Berry	James W. Grigg*

*Issues Permits

REPORT OF THE PLANNING BOARD

In 1990 the Planning Board continued to work closely with the Strafford Regional Planning Commission (SRPC), who served as our consultant on subdivision application reviews and on other tasks and projects. Overall eight (8) subdivision applications were accepted, seven (7) were approved which resulted in the creation of 22 new lots. Also two (2) special exceptions (for non-residential use) received the board's endorsement.

The Planning Board with the assistance of the Board of Selectmen and Town Administrator will be sponsoring revisions to the Building Regulations in order to bring town regulations into compliance with The National Flood Insurance Program (NFIP) regulations. The proposed changes to be voted on this March of 1991 are necessary to ensure that our floodplain management regulations comply with federal regulations. These changes are needed to continue our participation in the NFIP which is administered through the Federal Emergency Management Agency (FEMA).

The Board also worked with SRPC on other revisions and amendments to the town Building Regulations as well as the Zoning and Land Use Ordinance. As a result of workshop discussions and public hearings held on these changes, the Planning Board will present their recommendations to the town for voter balloting this March of 1991.

The results of the Master Plan Citizen Opinion Survey have been tabulated and are available to the general public. The board mailed some 654 surveys, 173 responses came back or a healthy 26% return (a significant response as surveys go). We will be examining the sentiments of the community as reflected in the responses in all our future work. Future objectives will include the update of our town Master Plan (adopted in 1983) and also a more extensive review of the town Zoning and Land Use Ordinance during 1991. As far as the Master Plan is concerned, we have contracted with SRPC to assist in its revision and update, this process will involve work over the next few years and we look for your (community) support and input.

Respectfully,
Stephanie Dunn
Planning Board Chairman

REPORT OF THE ZONING BOARD OF ADJUSTMENT

To the Board of Selectmen and the citizens of New Durham, I respectfully submit my annual report as Chairman of the Zoning Board of Adjustment.

The ZBA granted sixteen variances in 1990 compared to forty in 1989. Two special exceptions and one appeal for an administrative decision were also granted. Several applications were withdrawn when members of the Board found viable alternatives to proposed plans.

This decrease in activity reflects the economic recession the whole country is now experiencing. It also allowed more time, after regular meetings, for board members to hold workshop sessions and discuss necessary updating of zoning ordinances and building regulations.

Two members resigned in 1990. One position has been filled, but we need one alternate member before we have a full board again. Working on the ZBA is

not demanding but is interesting and can be quite educational. An application can be obtained at the Town Hall and local and state sponsored training sessions are held in the spring.

Respectcully submitted,
James M. Eaton
ZBA Chairman

Alternate Building Inspector

REPORT OF THE NEW DURHAM CONSERVATION COMMISSION

The New Durham Conservation Commission was able to complete several projects during 1990.

Beginning in February, the commission met with and engaged the services of David Allan, a biologist from Lee, New Hampshire, to research and physically survey the Town's wetlands.

His efforts culminated in a professional mapping of the Town's wetlands. These maps and the information will be very useful for future town planning.

The Commission prepared an informational brochure explaining its goals and duties. This was distributed to the public and received very favorable response. Members also participated in Earth Day '90, with the New Durham Elementary School students, and teacher Susan Sullivan's, "Kids in the World of Science."

Ten trees, donated by the New Hampshire Electric Co-Operative, Inc., were planted in three locations in town through the efforts of the commission. They were planted at the New Durham Library Resource Center, the Elmer Smith Memorial Recreation Park and the Merrymeeting Marsh boat landing. Special thanks go to Leo Murray for his assistance in this project.

The Commission met with Robert Belmore, Town Administrator, who conveyed the Selectman's desire to form a recycling committee. Three of the Conservation Commission members are presently serving on the New Durham Recycling Committee.

As part of the Commissions' responsibilities over twenty on-site reviews of dredge and fill applications were conducted. Several wetland violations were reported and resolved.

The New Durham Conservation Commission is looking forward to the coming year and would welcome anyone with an interest in conservation to join or contribute to the Commission.

Members: Chairman Paul Berry, Herbert Hume, Doris Taylor, Susan Pillsbury-Jenkins, Dennis Gagne and Elaine Scott

Respectfully submitted,
Paul D. Berry

NEW DURHAM PUBLIC LIBRARY REPORT OF THE LIBRARY TRUSTEES

*New Durham Library Resource Center
New Durham, New Hampshire*

By now the Library Resource Center has become a familiar part of the architectural landscape of the town of New Durham. Its location near the town hall, general store, and elementary school makes it easily accessible to town residents. Perhaps this, as well as the increase in population, accounts for the fact that library circulation has more than doubled since its opening in 1987.

The Trustees and Staff find it challenging to keep up with the ever

increasing demand for library services. The annual town appropriation plus private donations have helped us to progress steadily. The late Mrs. Lua Pike, principal benefactor without whom we would not have the new building, left a final bequest in her will this year. The Trustees purchased a new computer with these funds. A computer system in a public library is not a luxury but a necessary management tool. Computers also make it possible to provide the public with online information services. Inter-library loans in New Hampshire are now handled by computer. In the past it could take weeks to receive a book from a distant library, now it takes only a day or two.

Our reference collection continues to grow mainly from the proceeds of the Library Acquisition Fund. This fund is a useful vehicle for private contributions. Donors can be sure that their contributions will be used to purchase materials for the most important portion of the library collection. A better reference collection has been especially welcome to our elementary and secondary students. Mrs. Polito, our Librarian, has developed cooperative relations with the schools. Many of our High School students use the library regularly. Mrs. Polito provides programs and instruction to the elementary school children. The children's summer program is now established as a regular feature of library service.

The Friends of the New Durham Library remain an essential support group. The Friends along with the Trustees purchased a handsome display case this year. It is the site of frequent interesting exhibits. The Friends also purchased a television set and mobile cart for the library. Last year a VCR was donated by a local couple. This equipment will facilitate a wider range of programs. The Library belongs to the Rochester Area Libraries Video Cooperative and now has instructional and entertaining videos for loan.

The meeting room continues to be heavily booked for town functions, for tutorial programs, for club meetings, etc.

While providing the town with library service and obtaining necessary funds for it is the primary responsibility of the Board of Trustees, other related concerns can be equally important. With the advent of the new building came the huge responsibility of building maintenance. The Trustees are thankful to the Selectmen, Town Administrator, Bob Belmore, and the Fire Department for helping us with this task. Their advice and physical assistance has been most welcome. They supported our request to have the exterior of the building painted this year. It should help to preserve the considerable investment that many people have made in this community institution.

Respectfully submitted,

Rachel Murray, Marjorie Mohr, Kathryn Buckley
Merrill Black, Michael Folan

1990 RECREATION DEPARTMENT ANNUAL REPORT

To the Board of Selectmen and the citizens of New Durham, I respectfully submit my annual report.

During the 1990 year the New Durham Recreation Department has continued to offer a wide variety of activities to more New Durham residents than ever before. Each year we continue to be encouraged by the growing number of participants, and the growing number of programs we are able to offer.

This year has seen some exciting new additions to the Recreation Department. A new ballfield has been completed, the New Durham Athletic Department has been formed, and new programs such as field trips, pee wee soccer, teeball, and CPR have been added. The ballfield has been completed with most of the work done by volunteers. The new field will allow us to offer more baseball/softball teams this year, as this is one of our fastest growing programs. The New Durham Athletic Association is a group formed to raise money for athletic programs to help out the Recreation Department. This allows us to operate with a modest budget though our programs are continuing to grow.

On behalf of the Recreation Commission, I want to express our sincere thanks to all of those people and business who gave so generously to support and expand our programs. Special thanks go to the New Durham Athletic Association, as well as the athletic coaches and volunteers. The dedication, commitment, and hard work were essential to the programs. Also special thanks to the parents who provided transportation to the events, as well assistance with the programs, without them the recreation programs could not be a success. With our limited budget, volunteers, donations, and sponsors, help us to offer many programs which otherwise would not be possible.

In addition to the regularly scheduled events, field trips, and athletic events, here is a sample of accomplishments of the New Durham Recreation Department:

- Involvement in the Hershey Track Meet, and in the Artist-In-The-Schools-Program.

- Sponsoring a CPR Course, and expanding the Red Cross Swimming Program.

- Expansion of the Summer Recreation Program, including swimming lessons, soccer, arts & crafts, golf, fishing, archery, movies and other recreational games.

- Elementary Girls and Boys Basketball Teams, as well as cheerleading.

- Increased participation in Little League Baseball & Softball yearly. (Baseball All-Stars 1990 Pittsfield Tournament Champions) Addition of 2 teeball teams, and 3 peewee basketball teams.

- The organization and utilization of Club Pond for skating and hockey, in cooperation with the Farmington Fish and Game Club, and the New Durham Fire Department.

- Increased participation in youth soccer, and the addition of 2 peewee soccer teams.

- Summer field trips to Ruggles Mine, Mt. Major, Hampton Beach, Whale Watching, Red Sox Game, Laconia Water Slide, and the Boston Aquarium.

- Special events such as a Easter Egg Hunt, a pre-school through grade 3 Halloween party in cooperation with the New Durham Fire Department, as well as aiding the NDAA in offering a Haunted House, and a Costume Parade.

- Recreation Department annual awards banquet.

- The New Durham Challenge Cup Competitions.

- Adult Programs such as softball, basketball, volley ball, and golf.

Along with existing operational and program responsibilities of the Director and the Commission, our goals for the Recreational Department for 1991 include:

- To add Babe Ruth Baseball

- To continue to focus efforts on developing a sense of pride in both our youth and adults in the community.

- To continue the search for waterfront property to enable the Recreation Department to continue to offer our swimming program, (while thanking Camp Maranatha for their generosity in allowing us to use Miracle Pond).

- To continue to offer quality programs while keeping the cost to the taxpayers at a minimum.

As the community continues to grow, it is our hope we can increase the number of volunteers for coaching, umpiring, and general assistance. With a small recreation department, the only way we can offer more programs for more people, is if we continue to get volunteers to help. If the volunteerism continues to grow with the population, the recreational possibilities are endless.

The citizens of New Durham have a great deal to be proud of in their recreation program, it is one of the best in the State.

I am looking forward to continued cooperation in the community, and continued growth for the Recreation Department. I urge you to contact me, Recreation Director Bob Gadomski, at the Elementary School, to initiate new programs, volunteer assistance, or schedule events. COME JOIN THE FUN!

Respectfully submitted,

Robert S. Gadomski

Director of Parks and Recreation

TOWN MEETING HOUSE REPORT FOR 1990

With the replacement of a large timber in the roof this fall, the 1772 Meeting House has come another step toward its rejuvenation.

It was decided not to hire a crane to install this timber but to raise it with a bucket loader and then put it into position with a come-a-long and brute strength, which saved some of the funds to purchase more building materials.

The old shingles were removed on one side of the building, and the roof boarded and covered with tar paper. The building has been closed in to enable the volunteers to work inside during the winter. Project Director, Ernie Vachon, plans to install the flooring timbers and floor boards at this time.

Possibly, if all goes well, the volunteer carpenters will begin work next year where it will show, such as clapboarding, shingling and windows. At the moment all the effort is being put into structural improvements.

The Town Meeting House is the earliest town building existing in New Durham and has been rescued from destruction by a small group of interested people. The New Durham Beautification and Restoration Association

agreed to assist with the funding and a few generous donors and volunteer laborers have enabled the work to be done at a modest cost to the town.

The building is a traditional early New England style meeting house the pioneer used for a church and for conducting town business. The Town House is situated on the Old Bay Road, near the Four Corners, the junction of the Ham Road, Davis Crossing Road and Old Bay Road. A section of town that was historically the town center until 1908, when the new town hall was constructed in the Plains area of the town.

Built in the earliest years of the town, the settlers must have found it extremely difficult to find the time and money to erect a meeting house. But with perserverance and determination they did. Those involved feel the hardship this must have entailed should not be wasted but preserved as an historic monument to those courageous people who made New Durham a reality.

At the 1990 Town Meeting, the residents of New Durham voted to invest \$2,000 in the project. This has been mostly used for building materials. This year the Project Director will request another \$1,000 to keep the project alive.

Volunteer Workers during 1990 were: Ernie Vachon, Herbert Hume, George Bickford, Michael Haley, David Shagoury, and Dennis Gagne. If you would like to help, contact Ernie Vachon, 859-7983, or Town Historian Eloise Bickford, 859-6881.

UNCARED FOR OLD GRAVEYARD REPORT FOR THE YEAR 1990

To date, 123 old graveyards have been located in New Durham. Many of these have been abandoned and are in various states of deterioration. Overgrown with brush and with the monuments on, or under, the ground, an historical treasure is fast becoming lost to the world.

These old graveyards are extremely important to genealogists, historians, and

to the historical fabric of a town. The New Durham Beautification and Restoration Association, in conjunction with the Town Historian, are working with land owners, or descendents, to restore these valuable assets.

At this time, 38 of the old graveyards have been restored, with brush removed and monuments repaired and reset. Each year, since 1983, the town has appropriated \$300.00 for the project. This is seed money only. The bulk of the costs have been borne by the landowners, descendents and the Beautification Association.

The town will eventually have to assume the maintenance of the restored graveyards and to that end the Association and Historian are asking the Town to continue to add to the Uncared for Graveyard Trust Fund, to ensure the time and money expended on these historic cemeteries is not wasted.

Thank you,
Eloise Bickford,
Town Historian

RESTORED RECORDS REPORT

The tax collectors book for 1839-1939, a volume overflowing with information about New Durham during that time, was sent for professional restoration in 1990.

New Durham is very fortunate to have her early town records nearly intact. Due to the ravages of time the pages in these large leather covered books, have become very brittle and are fast deteriorating. Several of the books were restored during the Bicentennial, but there are more in the vault that require this care, and time is against us.

The town is responsible for keeping it's records, safe, and in good condition, and they must be available for research if requested. Therefore, town officials have agreed to ask for a small appropriation each year for restoration until the project is completed.

Because of it's very poor condition, and because of it's contents, the 1839 book was chosen to have treatment first. The town had appropriated \$1,000.00 for this purpose in 1990.

The work was done by the Brown River Bindery, in Vermont. (The best price available) The work is extremely labor intensive, done by professionals who are experts in the repair and restoration of paper.

The book has returned with new leather binding, the acid that causes deterioration removed, and the pages repaired and strong enough to allow handling. All this went over budget by \$49.00, because of the extensive hand work and time involved it is difficult to estimate exactly beforehand. The remainder of the books should not be as difficult or expensive to restore.

Town Historian
Eloise Bickford

REPORT FROM THE NEW DURHAM RECYCLING COMMITTEE

At the request of the Selectmen, our committee was formed earlier this year. We were asked to investigate the options available to the Town for trash disposal.

Currently, our town **THROWS AWAY:**

868 TONS OF GARBAGE ANNUALLY AT A COST OF \$78/TON = \$67,704 YEAR. Knowing this, we researched a variety of options to determine which would be the most fiscally responsible. After reviewing what we do now, curbside recycling, establishing our own recycling center, or using a mixed recyclable center, as well as surveying over 200 residents, we came up with our proposal. Our first priority at all times was reducing the cost per ton for disposal of our garbage. Our second priority was being environmentally thoughtful in our decision making. Fortunately, we were able to integrate both priorities into our plans. Some of the information we got surprised all of us (including the Selectmen and the Budget Committee);

1. Less than 1% of the folks we surveyed were against mandatory recycling . . . and most of you are participating in recycling at some level. You also told us that you were as concerned about the disposal of the garbage as we were. This was fortunate (though unexpected) as it's important to have mandatory recycling to obtain the Governors Grant money.

2. Recycling saves us a lot of money. Our cost the first year should be approx. \$45/ton to recycle. This saves us \$33/ton for every ton of garbage that we don't throw in the hopper, but we sort out. And that saves us tax dollars. And that's just the beginning . . . the second year, after paying for the equipment and start up costs, we will be able to see a *profit*. This relates to a \$16,000 savings to the town on the second year of operation. This also figures we will recycle only 23% (which is the State standard) even though we would have the capability of recycling 64% of our waster stream. Now you can see why everyone has been so enthusiastic about this. We, as a committee, will be working hard to educate residents on the "how's" and "why's" of this. With any luck, we will do better than average and be able to save even more tax dollars.

In addition, our committee wants to thank Mark Fuller and Joe Bloskey for their enormous help. Joe has participated at all meetings, been willing to adjust current procedures to test ideas, as well as giving us input from a hands-on approach. Their support made the study far easier to conduct. We feel that the town is lucky to have them both.

In summation, we are happy to be able to offer something to the town that actually saves us all money. It is a very tough year for everyone, and we know that the budget committee and selectmen have been working hard to reduce the expenses of the town. Recycling is a small step to save money, but it is still a step in the right direction. We control the success of this . . . the more we recycle, the more money we will all save.

Respectfully Submitted,
Tonya Albee
Recycling Committee Chairman

TOWN OF NEW DURHAM

TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of New Durham in the County of Strafford, in said State qualified to vote in town affairs:

You are hereby notified to meet at the New Durham Library/Resource Center on Tuesday, the twelfth (12th) day of March, next at ten o'clock in the forenoon, to act upon the following: (Polls will close no earlier than 7:00 P.M.)

- ARTICLE 1.**
- a. To choose all necessary town officers for the year ensuing.
 - b. To choose all necessary school district officers for the year ensuing.
 - c. To vote on proposed changes to the New Durham Zoning and Land Use Ordinance.
 - d. To vote on proposed changes to the New Durham Building Regulations.

And you are hereby further notified to meet at the New Durham School on Wednesday, the thirteenth (13th) day of March, next at seven (7:00) o'clock in the evening to act upon the following articles:

ARTICLE 2. To see if the town will vote to authorize the Selectmen to borrow such sums of money as may be necessary to pay current expenses in anticipation of taxes. BY SELECTMEN.

ARTICLE 3. To see if the town will vote to authorize the Selectmen to apply for, accept and expend in the name of the town, such advances, grants or other funds which may be forthcoming from Federal, State, local or private agencies during the coming year. This article requires the Selectmen to hold a prior public hearing on the action to be taken. BY SELECTMEN.

ARTICLE 4. To see if the town will vote to raise and appropriate \$5,000.00 to the Capital Reserve Fund established for the closure of the present landfill. BY SELECTMEN.

ARTICLE 5. To see if the town will vote to raise and appropriate the sum of \$20,000.00 for Improvements on Merrymeeting Road under the State Aid Reconstruction Program provided the State of New Hampshire appropriates \$40,000.00 for this purpose. BY SELECTMEN.

ARTICLE 6. To see if the town will vote to raise and appropriate \$5,000.00 to the Capital Reserve Fund established for a Highway Truck. BY SELECTMEN.

ARTICLE 7. To see if the town will vote to raise and appropriate \$5,000.00 to the Capital Reserve Fund established for Birch Hill Road reconstruction. BY SELECTMEN.

ARTICLE 8. To see if the town will vote to raise and appropriate \$7,300.00 for the purchase of a highway paving box. BY SELECTMEN.

ARTICLE 9. To see if the town will vote to raise and appropriate \$5,000.00 for the purchase of a highway department lawn mower. BY SELECTMEN.

ARTICLE 10. To see if the town will vote to raise and appropriate \$5,000.00 to the Capital Reserve Fund established for a Fire Truck, and designate the Selectmen, as agents to expend. BY SELECTMEN.

ARTICLE 11. To see if the town will vote to raise and appropriate \$10,000.00 for the repair of the Fire Station roof. BY SELECTMEN.

ARTICLE 12. To see if the town will vote to raise and appropriate \$15,000.00 to purchase a new police cruiser. BY SELECTMEN.

ARTICLE 13. To see if the town will vote to raise and appropriate \$1,000.00 to the Uncared For Old Graveyard Trust Fund established for maintenance and restoration of Old Graveyards. BY SELECTMEN.

ARTICLE 14. To see if the town will vote to raise and appropriate \$1,000.00 for restoration and improvements to the Old Town Meeting House on Old Bay Road. BY SELECTMEN.

ARTICLE 15. To see if the town will vote to authorize the Selectmen to hire a part-time town assessor and raise and appropriate \$20,000.00 for this purpose. BY SELECTMEN.

ARTICLE 16. To see if the town will authorize the establishment of a capital reserve fund (pursuant to RSA 35) for the future revaluation of the town, and designate the Selectmen, as agents to expend, and raise and appropriate the sum of \$20,000.00 toward this purpose. BY SELECTMEN

(NOT RECOMMENDED BY THE MUNICIPAL BUDGET COMMITTEE)

ARTICLE 17. To see if the town will vote to raise and appropriate \$33,400.00 for the purchase of equipment, and operation of a recycling facility at the present site of the town solid waste facility, to the extent that grant money becomes available, as follows:

Town Funds	\$23,400.00
State Grant	<u>10,000.00</u>
Total Funding	\$33,400.00

The total sum raised and appropriated shall not be reduced by the unavailability of any or all of the anticipated state grant. BY SELECTMEN.

ARTICLE 18. To see if the town will vote to authorize the Selectmen to adopt an ordinance (as authorized by RSA 149-M) establishing a compulsory recycling program for solid waste disposal at the site of the present solid waste facility; for the purpose of helping reduce disposal costs and producing income to help offset operating costs of the solid waste facility. BY SELECTMEN

ARTICLE 19. To see if the Town will vote to authorize the Selectmen to accept the dedication of any street shown on a subdivision plat approved by the planning board, provided that such street has been constructed to applicable town specifications as determined by the Board of Selectmen or their designee. BY SELECTMEN

ARTICLE 20. To see if the town will vote to authorize the planning board to review and approve or disapprove site plans for the development or change or expansion of use of tracts for nonresidential uses or for multi-family dwelling units pursuant to RSA 674:43. The town clerk shall file a certificate of notice with the Strafford County register of deeds showing that the planning board has been so authorized, giving the date of such authorization. BY SELECTMEN

ARTICLE 21. To see if the town will vote to authorize the Selectmen to convey any real estate acquired by the town by Tax Collector Deeds. Such conveyance shall be by deed following a public auction or the property may be sold by advertised sealed bids, or may be otherwise disposed of as justice may require, pursuant to RSA 80:80. BY SELECTMEN.

ARTICLE 22. To see if the town will vote to rescind the 1978 Town Meeting vote increasing the Conservation Commission to seven (7) members, the 7th member to be from the Board of Selectmen, and vote to decrease the number of members to 5 members and 5 alternate members. BY SELECTMEN

ARTICLE 23. To see if the town will vote to change the term of the tax collector from one year to three years, beginning with the term of the tax collector to be elected at the 1992 annual town meeting, as permitted by RSA 41:2a. BY PETITION (BALLOT VOTE REQUIRED)

ARTICLE 24. To see if the town will vote to change the term of the town clerk from one year to three years, beginning with the term of the town clerk to be elected at the 1992 annual town meeting, as permitted by RSA 41:16a. BY PETITION (BALLOT VOTE REQUIRED)

ARTICLE 25. To see if the town will vote to rescind March 8, 1977 Town Meeting, Warrant Article 10, which reads: "To see if the town will vote to pay Blue Cross & Blue Shield for all full-time employees." Reason: To allow the Selectmen to choose an alternate health plan and a method of funding same. BY PETITION (BALLOT VOTE REQUIRED)

ARTICLE 26. To see if the town will vote to raise and appropriate such sums of money as may be necessary to defray the expenses of town government.

ARTICLE 27. To hear reports of any standing committee.

Given under our hands and seal this 12th day of February, in the year of our Lord, Nineteen hundred and ninety-one.

TOWN GOVERNMENT TALENT BANK

SERVE YOUR COMMUNITY

Town government needs citizens who are willing to give time in the service of their community. The Talent Bank is organized as a means of compiling names of volunteer citizens willing to serve on boards and committees. Names in this file are available for use by the Selectmen and Moderator, as well as all Town Offices.

Please complete the questions, indicate your areas of interest and return immediately to:

Town Government Talent Bank
c/o Board of Selectmen
New Durham Town Offices
New Durham, NH 03855

Road Agent, Mark Fuller and Judge, Ed Miles — Plow Rally Sept. 1990.

Highway Crew with Trophies
Plow Rally — Sept. 1990

“Trophy Winners”, The New Durham Highway Department Crew is taking a break between events as they participate in the third New Hampshire Municipal Association Insurance Trust sponsored “Plow Rally”, held in Tilton, N.H. The men competed with eight other regional towns and returned with four trophies for a job well done. 1-r: Road Agent, Mark Fuller; Edmund Miles, Robert Berry, Ken Twitchell, Frank Parsons, John Radcliff and Lon Berry.

(Special thanks to Eloise Bickford for the photos)

NEW SIGNS

That Grace the Town Facility.
(Free through a grant from "New Hampshire the Beautiful")

New Durham Selectmen Carleton Woods, Joan Bittrolff and Town Administrator Robert Belmore symbolically plant a dogwood tree at the town boat landing on Merrymeeting Road. The tree is one of ten flowering species donated to the town by the New Hampshire Electric Cooperative, Inc., as a thank you to the residents of the town and in recognition of Arbor Day.

IN CASE OF AN EMERGENCY - CALL:

Fire Department and Ambulance EMERGENCY	859-3333
